# 5,000 CANDLEPOWER SHEDS LIGHT ON EMERGENCIES

**What is It?**      Emergency scene lighting

On nighttime responses, medics, firefighters, and rescuers perform their tasks with the assistance of pole lights mounted to fire trucks.

The "flood and beam" fixtures cast 5,000 candlepower of bright light directly onto the scene.

The telescopic poles can be raised to a height of 30 inches above the truck cab.

Captain Dustin Michael, Love County EMS-Fire Brigade Training Officer, demonstrates how to raise or turn emergency scene lighting (left).
