EMS AERIAL LADDER FULFILLS A TALL ORDER

What is It?

E-One Aerial Ladder, used by Love County EMS-Fire Brigade at Station 2, WinStar Casino.

Above: The aluminum ladder is hydraulically raised, lowered, rotated 360 degrees, and extended to a full length of 75 feet (a 7-story building).

Stored on brackets along the handrails are an axe, a pike pole, a freestanding ladder, and a firehose.

The firefighter uses these various tools to break through windows or walls, gain rooftop access, or direct water to contain a fire within.

Left: Firefighter/EMT Tyler Hundt prepares a practice ascent toward a light pole (upper left) as firefighter/EMT Heath Weaver, the ladder truck driver, operates the controls.
