

You've Met Us in Print, Now Meet Us in Person!

This week concludes a 15-month series featuring the coworkers of Mercy Health/Love County Hospital, Clinic, EMS/Fire Brigade, and Adult Day Center.

Weekly since November 2013, we profiled their individual duties, careers, education, and hard-won credentials for delivering health care to our owners, the residents of Love County.

While we were writing, we were growing! We opened the new Adult Day Center and Family Services, the new Social Services Building, and a new Emergency Department addition. We also broke ground on Legacy Park, an outdoor walking and fitness trail north of the hospital, and an adjoining Growers' Pavilion for vendors of fresh fruit and vegetables.

Our people and our services -- all good reasons for choosing us for your health care!
